🎸 loop | C (1 bar) | G (1 bar) | D (2 bars) | — same the whole song

C G D D
I have a frustration that I come from the nation They dropped an atomic bomb on a planet we share as one

C G D D
And I have a frustration

C G D D
I've been tested those fucking bombs in our oceans And now you see with the plastic eye it's a choking outreach

C G D D
Now you see protection others there must be collaboration of every nation

C G D D
Because it's a planet we share as one

C G D D
This is a planet we share as one

C G D D
This is a planet we share as one

C G D D
And I have a frustration

C G D D
The two bordering nations have to fight for the greed of fucking man's manipulations

C G D D
Why does war have to be a typical situation

C G D D
For a planet we share as one

C G D D
This is a planet we share as one

C G D D
Now it don't matter if you count up to web one, two or three

C G D D
We all can evolve like we evolve a technology And now we see with this real cool experiment called a pop -up city

C G D D
We can build and dog food our own technology And see how it impacts our own community Then we go and share it with humanity So we can be free Yeah, yeah

C G D D
Because it's a planet we share as one

C G D D
And we can build it up on the layer one

C G D D
The world computer called Ethereum

C G D D
Because it's a planet we share as one

C G D D
And we can build it up like a layer one

C G D D
The world computer called Ethereum

C G D D
Because I have a frustration

C G D D
The two bordering nations have to fight for the greed of fucking man's manipulations

C G D D
Why does war have to be a typical situation

C G D D
For a planet we share as one

C G D D
This is a planet we share as one

C G D D
This is a planet we share as one
